No 6 21/1/77

FIIM This week's film is 'Juggernaut', starring Omar Sharif and Antony Duale. Showing at 7 p.m. on Wednesday and 8 p.m. on Thursday in the West Lounge. 30p, or 25p for N.U.S. card holders.

N.U.S. Cards, etc. This will be announced later due to exams.

WASHING MACHINES These have been reported to Miss McGregor, who says she will call in the contractors.

FIRE EXTINGUISHERS? The fire appliance contractors were at the College on Wednesday and all the extinguishers should be in soon.

SHOWERS A list is being made of all the showers that are not working and will be given in as soon as it is ready.

T.V. ROOMS

Both myself and a few others!! happen, by choice, to be non-smoking. It is very offensive at the best of times, not to mention being cluttered in an enclosed, non-ventilated place such as the T.V. rooms.

I should like to see, either separate rooms for smoking and non-smoking, or, causing less aggravation, extractors installed in each room.

ENTERTAINMENT

If you feel like trying a different Hostlery with free live entertainment - have a look at "What's On", Feb. 14th edition, in the Library. Page 62 tells of a talent competition in various pubs on various nights. If you haven't met "What's On", it is indispensable for daily entertainment in London.

FOLK SINGING ENTHUSIASTS

Good local clubs are in Dartford, Railway Hotel on Tuesdays,
Medway Little Theatre, Rochester, Saturday,
Brewery Folk Club, King's Head Rochester on
Fridays
Bull's Head, Chislehurst on Sundays.

Good beer and good entertainment.

GREENWICH THEATRE

Monday evenings (Previews). Saturday matinee. Any seat 50p to N.U.S. card holders. Currently appearing and highly recommended is Max Wall.

Our thanks to the kind person who eventually managed to get the fire extinguishers in Darent block filled. We can now sleep in peace (if the noise is reduced).

PUZZLE CORNER

1. Can you name the seven deadly sins? Don't look them up.
2. You are asked to arrange the ten figures '0' to '9' in two lines of five so that, when one line is subtracted from the other, the smallest number possible remains. No numerical signs may be introduced.
3. Here is another word-changing problem. You have to change SOFT into HARD, altering one letter at a time and making a dictionary word at each change. Do it in as few changes as possible.

Answers to last week's puzzles.

1.

2. Eaves, waves, wives, wines, wings, sings, singe, hinge.

3. This is tricky but quite legitimate.

The answer is $99 \frac{99}{99}$.
